Counter-Up

Counter-Up is a jQuery plugin that *animates* a number from zero (counting up towards it). It supports counting up:

- integers 12345
- floats 0.1234
- formatted numbers 1,234,567.00

Features:

- Auto-detect for integers, floats or formatted numbers
- The plugin will also use the number of decimal places the original number is using.
- Lightweight: ~1kb
- Minimal setup

Requires [waypoints.js](#)

Demo

[DEMO](#)

Usage

Include

```
<script src="http://cdnjs.cloudflare.com/ajax/libs/waypoints/2.0.3/waypoints.min.js"></script>
<script src="jquery.counterup.min.js"></script>
```

HTML

```
<span class="counter">1,234,567.00</span>
<span>$</span><span class="counter">1.99</span>
<span class="counter">12345</span>
```

jQuery

```
$('.counter').counterUp();
```

or with extra parameters

```
$('.counter').counterUp({
  delay: 10,
  time: 1000
});
```

`delay` - The delay in milliseconds per number count up

`time` - The total duration of the count up animation
